GENERAL ADDENDUM No. 2

ALL FIVE PIPING BIDS FOR THE REVERSE OSMOSIS WATER TREATMENT PLANT

2011/12-9500-00-033/034/035/036/037

Questions and Answers:

Q1. Do we have the option to not provide a price for the "Installation of 22.8y/13.2 KV Underground Electrical Distribution System Well sites 2, 3, 4, & 10" portion? Can this portion be treated as a separate bid (we noticed that you provided additional bid forms for this section) or does it have to be part of the bid proposal for project 2011/12-9500-00-034 as a whole?

A1. No, we are not splitting the contract.

Q2. We need to know the coverage required by these contracts, with respect to **Insurance**, this very general in specifications and ask all kinds of insurance.  
We need to clarify what the policy is required; this may increase the cost of the contract.

A2. Please refer to #1, #2, #3, #4, #5, #9, #16, #17, #18, and #19 on the Insurance Checklist for the insurance requirements (see attached copy).

Q3. In and Contract ending in 033, need some clarification:

Drawing C-8, in the area of the Well, which is locked into the fence, is "by Others "?  
because there is no information to do anything!

Drawing C-8, in the shaded area **must install sod**?

Drawing C-12; we have to build something that is framed in the Silt Fence?

This included the installation of Silt Fence in the Contract or **is it just the installation of the pipe only?**

This included the installation of **Silt Fence in this Contract**

A3. Refer to plans.

**No more RFI's will be accepted after issuance of this General Addendum.**
